

A PRINTABLE PUZZLE PARTY ADVENTURE

Reboot the Party Bot

Digital download | \$12 | US English

Party Bot froze mid-beep. One team uses paper and pencils to fix six scrambled modules. After the adult checks all six, the team gives the reboot word and the host reads the finale to start the party.

What's inside

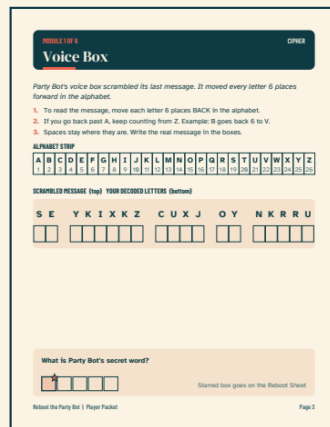

Player Packet, 9 pages: cover, mission briefing, six puzzle modules, and the Reboot Sheet.

Host Guide, 12 pages, for the adult only: setup, who keeps which pages, three hints per puzzle, full solutions, the read-aloud finale, and a certificate.

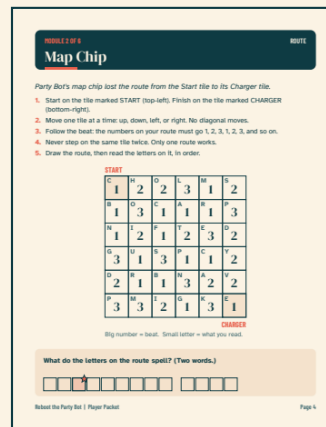

Four Player Packet versions (Color or Low-Ink, US Letter or A4), all with the same puzzles and clues. The Host Guide comes in US Letter and A4.

How it works

1. Print one Player Packet for the team and the Host Guide for the adult.
2. The team gets the cover, briefing, and Reboot Sheet. The adult hands over Modules 1 to 6 one at a time.
3. Each correct answer gives one starred letter for the Reboot Sheet.
4. After the adult checks all six modules, the team says the reboot word and the adult reads the finale.
